

February 16-25, 2018 2018 YOUTH FILMMAKER SHOWCASE (YFS) APPLICATION

ABOUT PROVIDENCE CHILDREN'S FILM FESTIVAL (PCFF)

PCFF presents the best of independent and international children's cinema to inspire, delight, educate, and connect a diverse community of children and families from Rhode Island and throughout New England. PCFF is a 501(c)(3) non-profit organization founded in 2009.

ABOUT THE FESTIVAL

Now in its ninth year, the Providence Children's Film Festival enhances and energizes the local arts and cultural community and has become one of the most highly anticipated family events of the year. The annual Festival takes place in February at multiple venues within walking distance of downtown Providence, with over ten days of screenings, filmmaking workshops, and drop-in activities, along with pre- and post-film conversations that we call "Reel Connections". During the Festival, PCFF screens an average of 16 feature-length films (including a film classic) along with over 100 short-length films—including live-action, documentary, animation and experimental films—made by filmmakers from around the world.

YOUTH FILMMAKER SHOWCASE (YFS)

As part of the annual Festival, PCFF is committed to nurturing the work of budding young filmmakers and proudly presents a juried program of films made by youth—from here in Rhode Island and around the world—and to provide an opportunity for young filmmakers to talk about both the fun and the challenges they face during the creative process. This exciting screening is designed to encourage talented and committed up-and-coming young filmmakers, and to inspire those who are just thinking about it.

Launched in 2014, the first PCFF Youth Filmmaker Showcase (YFS) response exceeded EVERYONE'S expectations. Filmmakers from Rhode Island and around New England, submitted dozens of films with topics and narratives as diverse as the Festival itself. Feedback was heartwarming! Showcasing young filmmaker projects on the big screen to our Festival audiences was just part of the magic. Meeting other aspiring, young filmmakers and hearing them discuss their inspiration and production challenges during the post-show Q&A proved a valuable experience for the attending YFS filmmakers as well as budding filmmakers in the audience. Now an integral part of the Festival, we receive hundreds of youth-made films from all over the world!

BEYOND THE FESTIVAL

In addition to the annual Festival, the organization partners and collaborates with a growing number of community youth organizations to offer year-round educational opportunities, where children and families can learn about the history of the medium and its critical context, as well as the craft of film making, through out-of-school programs, hands-on workshops, and film-related presentations.
