

How to add Providence Children Film Festival (PCFF) stickers to DVDs:

- Place stickers under clear plastic, directly on printed cover paper to avoid label wearing out or peeling off from repeated re shelving.
- Place round striped (PCFF) circle sticker on top portion of spine. Depending on the width of DVD (blue rays may be thinner than traditional DVD's), the sticker may wrap around the edges.
- Place "PCFF Festival Pick" sticker on lower left front side of DVD. If sticker will cover too much relevant film info, please place in lower right front corner.
